

**Learn to
skydive!**

**Video is available
for all your jumps!**

Accelerated Freefall Skydive Training

We'll show you how to...

Get out!

Floating exits, diving exits, you'll learn them all! We'll show you how to safely and smoothly exit the plane!

Fly your body!

You will learn in-flight maneuvers such as turns, back-flips, forward motion, tracking, and much more!

Fly your own canopy!

We'll help you learn the mechanics of flying your own parachute safely back to the dropzone!

ACCELERATED FREEFALL

Located just 75 mins from Boston!

Skydive New England invites you to

Learn to Skydive!

Skydive New England offers a complete Accelerated Freefall Program, which allows you to become a licensed skydiver! AFF is the most widely accepted form of student training in the world. Our instructors have been specially trained to teach you in the air, so you are actually learning in freefall!

Our training facility is fully endorsed by the United States Parachute Association. Once you finish the program you can go virtually anywhere in the world and SKYDIVE!

Package Deals & Financing are available!
